

Vinyl & Aluminum Railing

Magnolia

## Why ActiveYards®

We are the leading American manufacturer of low maintenance, lifetime warranted railing systems. We believe there is no reason to sacrifice performance, beauty and style for function or price.

## ActiveYards Vinyl Railing

ActiveYards railing, low-maintenance vinyl reinforced with strong aluminum, adds an attractive look to your home while providing exceptional security. Our Magnolia offers strength, durability and safety while our Hickory Rail adds convenience and function to an already strong and beautiful railing.

Our railing has been tested by a third party testing agency and meets all requirements specified by the IRC & IBC. Each style is offered in a railing and stair kit to fit your needs whether you are completing the perfect project or complementing your home.

Magnolia

Hickory

## Magnolia and Hickory Vinyl Railing

Traditional and contemporary designs bring beauty and functionality to innovative, code-compliant rail styles. Consider our Magnolia vinyl handrail, which offers a popular look found on many deck and porch settings. Magnolia kits are offered with square, turned or black round aluminum balusters. Want something more distinctive? Select the versatile Hickory railing. By simply adding a deck board on top of the rail, it will add charm, convenience and functionality to any outdoor setting.

### Gates Available

Gate kits are available in both 36" and 42" heights as well as all the available colors and baluster choices. These custom width gate kits can accommodate openings up to 48" wide.

\*Gate hardware is sold separately.

## ActiveYards Aluminum Railing

Safety is job number one, and ActiveYards® railing systems offer peace of mind protection. Our aluminum railing provides a beautiful and durable, yet cost-effective solution for your home and yard. ActiveYards products utilize Corigin® technology, an innovative construction system that connects the pickets to the rails from the inside out. This screwless system produces a longer lasting, stronger and better looking rail. ActiveYards railing systems not only meet all residential and commercial building codes – they are easy to install too.

# Our Ingenuities. Your Advantages.

**SolarGuard®**

### Color that Lasts

Every fence we make is infused with our exclusive color retention technology, which helps protect it from the harmful rays of the sun.

**GlideLock®**

### Privacy & Strength

Our GlideLock® design makes sure each board locks tightly into place without any gaps providing you the seclusion and privacy you want for your yard.

**StayStraight®**

### Perfectly Balanced

StayStraight® technology is the exclusively engineered ActiveYards rail system designed to prevent substantial long term bowing or sagging.

**Corigin®**

### Better from the inside out

An innovative construction system that connects the pickets and rails from the inside out producing a longer lasting, stronger and better looking fence.

**StaySquare®**

### Perfectly Strong

StaySquare® Gate Systems featuring innovative gate pockets are exclusively engineered for strength without the use of a brace.
